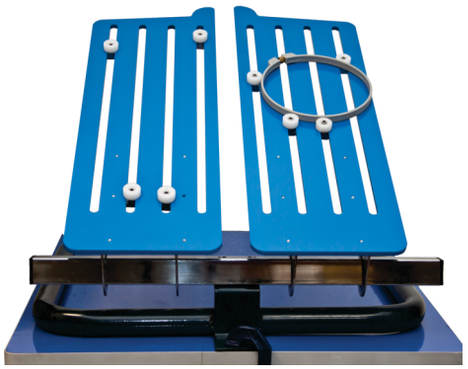
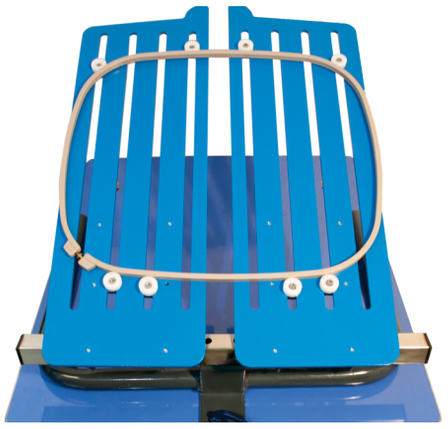
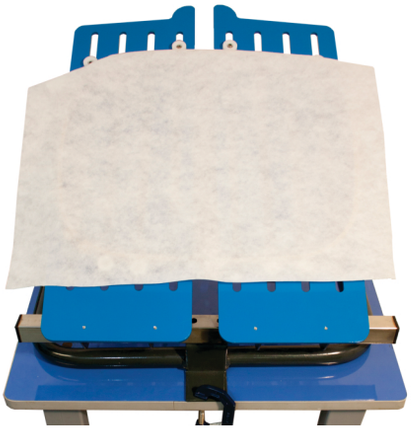
MESA

Universal Hooping Aid



No fixtures needed! The Rightline Hooping Station also features an adjustable angle and width for larger shirts. It works with all hoop brands ranging from sizes 9cm up to 500x400mm.





With the Rightline Hooping Station from MESA, hooping is a breeze. Simply place the hoop in desired location, lock it down, place your garment over the station and hoop. Perfect for high volume hooping jobs.
